## THEMATIC OUTLINE OF CONTENTS

The following outline of contents groups the encyclopedia's articles into five color-coded categories to assist readers in finding the information they seek. Within the body of the encyclopedia, the Question and Answer sections bear the color of one category only. In the outline given below, some articles are listed under more than one category. The five categories are Human Body; Diseases and Other Disorders; Treatments and Cures; Prevention and Diagnosis of Disease; and Human Behavior.
